SUMMARY

Results-driven Full Stack Developer with expertise in Java, Spring Boot, ReactJS, Redux, REST APIs, and SQL. Experienced in developing scalable and secure applications using Microservices architecture. Proficient in integrating frontend and backend technologies to build robust web solutions. Skilled in API development, JavaScript frameworks, and optimizing performance. Passionate about SDLC, agile development, clean code practices, and delivering high-quality software solutions.

SKILLS

- Full Stack Development: Java, Spring Boot, ReactJS, Redux, Node.js
- Backend: Java, Spring Boot, Microservices, REST APIs, Express.js
- Frontend: ReactJS, Redux, JavaScript, HTML5, CSS3
- Database: SQL, Oracle PL/SQL, MongoDB
- Development Tools: Postman (API Testing), Git, Agile/Scrum, SDLC
- Cloud & CI/CD: AWS, Continuous Integration (CI), Deployment Pipelines

EDUCATION

Sardar Vallabhbhai Patel Institute of Technology, Vasad

(Aug 2019 - May 2023)

B.E. in Information Technology | CGPA : 8.11

EXPERIENCE

Gujarat Informatics Limited (GIL) | ReactJS Developer Intern

(Mar 2023 - May 2023)

- Developed RESTful APIs for seamless backend communication, reducing API response time by 20% and improving efficiency.
- Integrated Spring Boot and Java with ReactJS for full-stack solutions.
- Improved data handling by implementing SQL database queries.
- Debugged and tested APIs using Postman to ensure seamless data flow.
- Enhanced web application performance through state management with Redux.

PROJECTS

University Management Portal (Full Stack | Java, Spring Boot, ReactJS, SQL)

- Developed RESTful APIs with Spring Boot and Java for data handling.
- Implemented SQL database for storing academic records.
- Built a responsive UI with ReactJS and Redux for real-time updates.
- Ensured authentication and role-based access control for security.

Salary Management Portal (Freelance Project | ReactJS, Node.js, SQL)

- Designed an interactive ReactJS frontend for salary tracking and management.
- Built a secure backend using Node.js and Express.
- Integrated SQL database to manage employee salary records.
- Implemented user authentication and access control for data security.

CERTIFICATIONS

- Developing Front-End Apps with React - IBM
- Foundations of Cybersecurity - Google
